Below is your financial aid for the academic year. Awards are typically split between fall and spring. Generally, you need to successfully complete the fall semester to be eligible for the spring award.

Financial aid awards are initially created in expectation of full time enrollment. You may be eligible for financial aid at lower enrollment levels; however, your budget and awards will be adjusted accordingly. Revisions to your award can be viewed at <http://my.tmcc.edu>.

Adjustments to your enrollment level after your funds have disbursed may result in a change in your financial aid. You may be required to repay all or a portion of your awards.

Federal regulations require your financial aid eligibility be based on courses that are required for your degree/certificate program. Please review your Academic Requirement Report at <http://my.tmcc.edu> to ensure you are taking required courses. You may enroll in any course you choose, however, your financial aid may be adjusted if the course is not required.
