FOOD ASSISTANCE REPORTING REQUIREMENTS

For FOOD ASSISTANCE, you are required to report the following two changes within the first 10 days of the month following the month the change occurs.

1. You must tell us if your household's TOTAL monthly gross income goes over \$1,473.00. This includes income from work AND from other income sources like child support, SSI, Social Security disability or retirement benefits, and unemployment compensation. Gross income means all earned and other income. This is the amount before taxes, garnishments, and other deductions.

2. You must tell us if you or anyone in your household wins a lottery or gaming prize in a single game that is \$3,500 or greater (before taxes or other amounts are withheld).

Please note that these reporting requirements are for Food Assistance only. You are required to report changes within 10 days from the date the change becomes known to your household for all other programs.

You must complete a report form 12 months after your case is approved or reviewed. On the form you must report your current income, your expenses, and list anyone who has moved in or out of your home. You must also provide proof of your income. We will send you the form when it is time for you to complete it.
