August 22, 2022

To the parent(s) of Jaylon Parks,

As you are aware, Sunset Park Center for Accelerated Studies was identified as a Title I school during the 2021-2022 school year. This year, I am excited to share with you that our school is identified as Community Eligibility Provision (CEP) school due to our Title I status. Under the Healthy, Hunger Free Kids Act of 2010, school districts are able to participate in the Community Eligibility Provision (CEP) program to increase access to free school meals for students. During the 2022-2023 school year, the program is allowing for free breakfast and lunch for all students at our school. Because our school is a part of the CEP program and all of our students receive free breakfast and lunch, parents do not need to fill out a free and reduced lunch application. We hope to provide our students with nutritious meals that assist with meeting the needs of the whole child and to better prepare them academically for the years to come.

Please view the website [fns.usda.gov](https://www.fns.usda.gov) or contact me at (803) 981-1260 if you have additional questions.

Thank you for your continued support.

Children First,

Dr. Nakia H. Barnes
