Dear ASHLEY D YARBER-KIDWELL:

It's almost the anniversary of the date you joined your health plan. If you still like the health plan you have, you can keep it. If not, you can change it now.

Here are the plans you have today:

Member	Health Plan	Join Date	Plan Type
ASHLEY D YARBER-KIDWELL	Absolute Total Care	12/01/2021	MCO

To keep the health plan you have now, you don't have to do anything. You will stay in your health plan for another year.

### You can change health plans

If you want to change to a different health plan, you can. You have until 02/15/2024 to make a change. If you don't choose another plan by that date, then you will stay in the health plan you have now for another year, unless you can show a good reason for changing.

Choosing a different health plan is easy!

Before you begin, note the Plan Type listed for each family member. It tells which health plans you can choose from. Match your Plan Type on this letter with the Plan Type on the Health Plan Comparison Chart to see which plans are available to you.

- The fastest and easiest way is to go online to **www.SCchoices.com**.
  - On the "Home" page, click "Enroll Now."
  - Enter your Member ID and PIN (see the top of this letter for both numbers).
  - Click "Continue." Follow the easy instructions to change your health plan. You can also change doctors at this time.

OVER →

#### IMPORTANT ACTIONS

You can change your health plan if you want.  
You have until **02/15/2024**  
to make a change.

CHANGING PLANS IS EASY
